

## CLOSETS PLUS

### Closet Inventory

Performing a quick inventory of the items that are currently in your closet – and items that will be added – will help your Closets Plus designer create the most effective layout.

- Take separate inventory counts for each user - we've provided two columns for shared closets.
- Folded items generally take up 12" of space - make a note if you fold wider than 12".
- Take separate inventory counts for each closet.
- When measuring shoes, handbags and other items, count boots, oversize or bulky items separately.
- When measuring hanging items, measure from the closet rod to the bottom of the garment.

<b>SHORT HANG (39" or less, including hanger)</b>	<b>MEDIUM HANG (39" - 54", including hanger)</b>
Shirts/Blouses <span style="float: right;">_____</span>	Short Dresses <span style="float: right;">_____</span>
